## 2024\_28\_III\_OOPS Using Java Lab

### 2028\_REC\_OOPS using Java\_Week 3\_Q4

Attempt : 1

Total Mark : 10

Marks Obtained : 10

### Section 1 : Coding

#### 1. Problem Statement

Sesha is developing a weather monitoring system for a region with multiple weather stations. Each weather station collects temperature data hourly and stores it in a 2D array.

Write a program that can add the temperature data from two different weather stations to create a combined temperature record for the region.

#### ***Input Format***

The first line of input consists of two space-separated integers N and M, representing the number of rows and columns of the matrices, respectively.

The next N lines consist of M space-separated integers, representing the values of the first matrix.

The following N lines consist of M space-separated integers, representing the values of the second matrix.

### **Output Format**

The output prints the addition of the two matrices in N rows and M columns, representing the combined temperature record.

Refer to the sample output for formatting specifications.

### **Sample Test Case**

Input: 3 3

1 2 3

4 5 6

7 8 9

1 1 1

2 2 2

3 3 3

Output: 2 3 4

6 7 8

10 11 12

### **Answer**

```
// You are using Java
import java.util.Scanner;
```

```
class Main{
    public static void main(String[] args){
        Scanner sc = new Scanner(System.in);
        int a = sc.nextInt();
        int b = sc.nextInt();

        int arr1[][] = new int[a][b];
        int arr2[][] = new int[a][b];

        for(int i=0;i<a;i++){
            for(int j=0;j<b;j++){
                arr1[i][j] = sc.nextInt();
            }
        }
    }
}
```

```
for(int i=0;i<a;i++){
    for(int j=0;j<b;j++){
        arr2[i][j] = sc.nextInt();
    }
}

int sum[][] = new int[a][b];

for(int i=0;i<a;i++){
    for(int j=0;j<b;j++){
        sum[i][j] = arr1[i][j] + arr2[i][j];
    }
}

for(int i=0;i<a;i++){
    for(int j=0;j<b;j++){
        System.out.printf("%d ",sum[i][j]);
    }
    System.out.println();
}

}
```

**Status :** Correct

**Marks :** 10/10
